

UKCA Marking

Preserving your access to the UK Market

Live Webinar

UK CA

In view of Brexit, the EU's CE standard will not be accepted by the UK after 31 December 2021. The UKCA (UK Conformity Assessment) Mark will be the new UK product marking that will be required for certain products being placed on the market in Great Britain (England, Wales and Scotland). It covers most products that previously required the CE mark.

UKCA Mark will come into force on 1 Jan 2021, although CE marking will continue to be recognized in the UK until 31 December 2021, as long as the UK and EU regulations remain aligned. However, from 1 January 2022 only products with UKCA marking will be accepted in Great Britain.

Therefore, if you wish to continue to export to the UK, you have to prepare for the end of recognition of the CE mark in GB and affix the UKCA marking using a UK-appointed 'approved body'.

Join our webinar and get prepared for the new regulation.
