Ministry of Health, Labour and Welfare

Imported and manufactured products for the **Japanese market** should be tested by a **designated testing laboratory** to demonstrate conformity to the **Food Sanitation Law**. Products must comply with the mandatory safety requirements in the "Specifications and Standards for Foods, Food Additives, etc." under the Food Sanitation Law.

STC (Vietnam) is an **ISO/IEC 17025** accredited testing laboratory designated by the **Ministry of Health, Labour and Welfare (MHLW)** of Japan as an overseas official laboratory for testing apparatus, containers, packaging materials and toys exported to the Japanese market.
